

OLTOA
Outdoor Leader Trainers of America

Dear Instructor Candidate,

Thank you for your interest in enrolling in the 4-day American Canoe Association Level 1-2 Stand Up Paddleboard Instructor Certification Workshop from July 8-11, 2024. This program will help you bring your SUP and teaching skills to a new level.

The goals of this workshop are to help you enhance your paddling and teaching techniques, give effective feedback, and work on group management skills. We hope to help you understand how to teach ACA SUP Workshops and give you the information you will need to achieve certification in the ACA. Successful candidates will receive ACA certification as a Level 1 or 2 SUP Instructor.

We will send you an outline with your teaching topics on it and the address of the meeting location approximately one week before the course start date. (Location is still TBD but likely Poland Maine)

The goals of this workshop are to help you enhance your paddling and teaching techniques, give effective feedback, and work on group management skills. We hope to help you understand how to teach ACA SUP Workshops and give you the information you will need to achieve certification in the ACA. Successful candidates will receive ACA certification as a Level 1 or 2 SUP Instructor.

We will plan to meet at our classroom teaching location at 0900 sharp on the first day of the workshop. Be sure to double check the course date and location as we offer the same course in a variety of locations.

Some good things to know in advance:

You may need to carpool to other locations during the program. This workshop will demand your full mental and physical attention for the entire 4 days. You will be asked to teach segments of the workshop and you may be asked to paddle your SUP in wind and mild river currents. You will be both a rescuer and the person being rescued in cold water. Please come prepared to get wet. To participate in this workshop you will need to be able to spend several hours on a SUP, have the physical ability to perform self and assisted rescues and carry a SUP 100 yards over uneven terrain. You should plan to come to this workshop well rested and leave very tired. If you are coming to this workshop from a distance, we recommend that you plan to sleep somewhere close by. Lodging for this workshop is at your expense.

You will be either in class or on the water all day. Please bring your own meals, snacks, and drinking water. To enhance the quality of the program and the safety of our entire class, we ask that you bring all of the equipment on the enclosed bring list on all four days. If you are missing something on the bring list, please call us ahead of time and we will try to help you get what you need. ***This is extremely important!*** SUP's and drysuits

may be rented from OLTOA for an additional fee. Please contact us for availability and pricing.

OLTOA will be providing instruction, course materials and basic safety equipment. This course will be taught by an Instructor Trainer with a strong paddling background. (Not a surfing background)

Homework: An outline of the course (including your teaching assignments) will be sent to each student prior to the course. You will need to prepare one-7-10 minute presentation. Your presentations should include a written outline, visual aids and should get the group involved as much as possible. Your goal should be to demonstrate good teaching techniques. It is more important to us that you choose 2 or 3 points of a subject and get those across effectively rather than try to show us everything you know about the subject. Remember all presentations should be geared towards the beginner! Feel free to use books, videos, and other resources as you prepare your teaching topic. Note: Please remember you do not have to cover everything about the topic. We assign you this topic(s) in advance so that you have the opportunity to show us your best work. Please bring a written outline (12 copies) of your teaching topic(s) to class.

Note: We will still ask you to do an impromptu presentation or two on any given topic.

Go to the American Canoe Association website: https://americancanoe.org/wp-content/uploads/2023/05/L2_ESUP_Skills.pdf

and review the instructor criteria for an ACA Level 2 SUP Instructor. (Also see Level 1 criteria) This will give you an idea of some of the skills we will be working on with you. (Please print this document and bring it with you to class) To be certified as an ACA Instructor you need to be an ACA member. If you are not currently a member, you can sign up on the first day of the course or on the website above. Please understand that to be a nationally certified instructor; one must meet the ACA requirements. Participation alone in this workshop does not guarantee certification. (If you do not already have an ACA instructor manual, you may want to order one while you are signing up to be a member.)
