

OLTOA
Outdoor Leader Trainers of America

Dear Paddlers,

We at OLTOA are excited and motivated to conduct our courses in 2022. Though no one can remove all risk or make any outdoor setting completely safe, the safety of our staff and our customers has always been and always will be our number one priority. ***OLTOA does require that all program staff and participants be fully vaccinated before coming to our programs.***

We will use safe practices and require the use of masks, hand washing, sanitation, social distancing, and creative teaching processes to keep people as safe as reasonably possible. We may have the need to run some of our courses totally outdoors. (i.e. With no indoor classroom time). Please sign up for programs with this in mind.

Note: Anyone refusing to follow our protocols will be excused from the course. If this virus takes a turn for the worse or we feel the risk is too great, we retain the right to cancel the program at any time and grant our students a full course credit or refund. State by State quarantine requirements change often. Please check the requirements of the states you will be leaving and the states you are going to for the latest rules.

Yours in adventure,
Bob Myron Outdoor Leader Trainers of America, LLC
